Invention Title:	DISCHARGE VALVE PROVIDED WITH A SACK
Attorney Docket Number	1179_033 (3029448 US01)

In response to the Notice of Abandonment, dated January 28, 2010, in connection with the above-captioned application, Applicant submits as follows:

- Form PTO/SB/64 Petition for Revival of an Application for Patent Abandoned Unintentionally Under 37 C.F.R. §1.137(b) (2 pages);
- Response to Office Action dated June 19, 2009 (9 pages);
- Petition Fees in the amount of \$810.00.

Due to a clerical error, the wrong document was uploaded during filing of the response to the Office Action dated June 19, 2009, therefore no response was received within the set time period for reply. This error occurred because the same response to an Office Action for another application was inadvertently mailed the same day at the time both responses were filed. The electronic acknowledgement receipt sent by the Office failed to indicate the issue and the Applicant remained unaware until the Examiner in charge of the application, Robert Nichols, called Applicant's representative on January 21, 2010. Upon further investigation, it was determined that though the transmittals were correct, the response to the Office Action for the present application was not mailed but rather the response for the other application filed the same day.

A Notice of Abandonment followed, dated January 28, 2010, prompting this correspondence to revive due to the inadvertent error.

The delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 C.F.R. §1.137(b) was unintentional. Revival is respectfully requested as well as consideration of the as filed response to the pending Office Action.
